PART-A

The plan of action chalked out by the IQAC in the beginning of the academic year 2008-2009 towards quality enhancement.

The IQAC planned and discussed on following points.

✚ Curriculum Aspects:

The teachers from Board of Study and members of subcommittee of syllabi making, they should consider the opinion of students while framing the new syllabi, and avoid the outdated and abnormalities from the syllabi if any. Also trace should given on applied and job oriented syllabi. Framed syllabi should be cover within stipulated time, which should be checked by principal.

✚ Teaching, Learning and Evaluation:

All teachers should introduce the course, lessons/ teaching plan/ Examination pattern/ Evaluation methods to students at the beginning of Academic term. The syllabi should be made available to the students. The feedback from students should be collected at the end of term, which would be analyzed and consider the proper suggestions. The provision should be made for the advance learner and poor learner. It is planned to use modern teaching aids.

It is decided release the respective teachers to participate in Seminars/ Workshops/ Refresher courses program etc.

✚ Research Consultancy and Extension:

Advised to promote the teachers for further research and register for Ph. D. The researches should be allowed to participate in Research paper reading, Paper Presentation. Decided to submit the minor research projects to UGC if the college gets recognition under 12 (B).

✚ Infrastructure & Learning Resources:

To make available the pure drinking water, an emergency medical facility, play ground and sports facility to the students as a basic requirement.

To construct the required infrastructure, purchase the UPS for continuous back-up of electricity. To purchase the DLP as a modern teaching aid.

✚ Student Support and Progression:

Distribute immediately the Scholarship from Government for ST, SC, OBC and related students. Provide the facility of S. T. passes to outside students. To organize the alumni meet to get the suggestion and help from them. To guide the students through career guidance cell. The important instructions related to students should be displayed on notice board. To arrange campus interview, and pay attention to students problem individually.

✚ Organisation and Management:

Some members from management are the members of IQAC; they consider the increasing demands, fulfillment of infrastructure, academic and financial discipline of the institute.

✚ Library:

Increase the number of books and other library facility to students and staff to cope increasing number of students and changed syllabi of various subject.

✚ Culture, Sports, NCC and NSS:

To promote the students to participate in Yuva Mahotsav – a cultural program, different sports competition at zone, university and inter university level, NCC and NSS camp programs.

✚ New Courses:

It is decided to send proposals to university and government regarding new courses viz. B.C.A. – III, and of M. Sc. (Computer Science).

Outcome/ Task completed in 2008 – 09

As per the planning of the IQAC formed and as per the guideline of NAAC and efforts of Principal, teachers and administrative staff we achieved following outcome (task completed) in year 2008 – 09.

✚ Curriculum Aspects:

While designing UGC pattern syllabi the teachers from our college not only actively participated but also suggested some changes considering the local problems and need. The Chemistry and Botany departments organized the University Syllabi Workshop. The framed syllabi were completed in stipulated time. Principal checked through heads of department time to time the syllabi was being completed satisfactorily.

✚ Teaching, Learning and Evaluation:

All teachers introduced the course, lessons/ teaching plan/ Examination pattern/ Evaluation methods to students at the beginning of Academic term. The syllabi were made available to the students. The feedbacks from students were collected at the end of term by committee, which were analyzed by principal and considered the valuable suggestions. The books and educational facility was supplied to advance learner and poor learner. The modern teaching aids like OHP, Multimedia, and Internet are in use.

The 11 teachers were send to Refresher and Seminars etc., as planned in IQAC Cell.

✚ Research Consultancy and Extension:

Unfortunately we couldn't got a recognition from UGC under 12 (B), so couldn't submit the research project to UGC. however some of faculties are engaged in Ph. D. research activities.

- The Sangola is situated in remote and drought-prone area of Solapur district, Maharashtra. Up to 1991, there was no Institution in existence providing the education of Science faculty. So most of the students could complete their graduation through Art faculty only. Especially for ladies students this difficulty was more severing. So the society was demanding to open the college with Science faculty. By considering the society's demand and student's willingness, Sangola Taluka Shetkari Shikshan Prasarak Mandal opened the college named '**Vidnyan Mahavidyalaya Sangola**', providing the education of science faculty. After 2 years that is from the academic year 1993, Arts faculty has also started. Now the college is providing the quality education to the pupils in
