

Student Welfare Committee -2019-20

There is a Student Welfare Committee in the college and under this committee many measures are planned from the point of view of the interest of the students. Like every year, mentoring and counseling (**mentor-mentee scheme**) were done this year in which the responsibility of all the students in the college is given equally to all the professors present in the college and its mentorship register is maintained in the college. All these things are done by the mentor from time to time to solve any problems of the professors to whom the student is assigned and to meet his basic needs as well as his examination performance for the year. Small and big problems of the student who is adopted are solved by the parent teacher (mentor), if there is a very big problem, it is handed over to the committee. **A one-day workshop was organized on the topic of stress management** in the College on behalf of the Student Welfare Committee, in which all the adopted students of the college under the Parent Scheme/**mentor-mentee scheme are benefited**. In the recent period, many types of stress are faced by the students, for which the need of stress management is urgent for all the society as well as the students, every year a workshop is conducted on the topic of stress management on behalf of this committee. This year the two day workshop on stress management was concluded on 13 th December 2018. Remedial coaching classes are also managed under the Student Welfare Committee. Every year, the background knowledge test of the students entering the first year is taken by the department of all the subjects of the college and the result of this test is collected and divided into two parts, one part for advanced learners and the other for slow learners students. A separate time table has been prepared for students of both types and arrangements have been made for them to take separate classes. **A health center** has been established in the college under the Student Welfare Committee and the facility of this health center has been provided free of cost to all the students, professors, teachers and other staff of the college.

Doctor Prabhakar Mali has been appointed on the first and third Thursdays of the month while Dr. Meghna Devkate has been scheduled on the second and fourth Thursdays. The health center is made available for two hours every Thursday and many students of the college as well as faculty and non-teaching staff take advantage of it. **Students Aid Fund** is collected in the college through the faculty and organization under the Student Welfare Committee and a scholarship of Rs 1000/- is given to the students who stood first in the departments.

* Mentor : Mentee and Counseling

The college has developed mentoring system for the students to check their progress and to guide them. Total number of students of the college are divided and distributed among all teachers facultiwise. Teachers work as mentors and students are mentees. Students takes one 'mentor Book' for each course. They fill up the information and their semesterwise marks / grades in it and take signatures of their mentors in it. The list of mentor-mentees is displayed on the notice board and is also given on the college website. At last, after completing final year of the course, students submit their mentor book to the college.

To do the counseling of the students, the college has organized one-day workshop on the subject 'stress Management' on 13th Dec. 2019. The chief-guest and the resource person for this was Dr. Santosh Shinde. In this workshop, the lecture and discussion was done on the said topic. The workshop was really very beneficial and valuable for students of the college.

Note:— mentor: mentee register is already uploaded on the college website.
